

MUSKAAN HUSSAIN

New York, NY | muskaannhussainn@gmail.com | +1 (347) 930-1199 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Construction professional working at the intersection of AI, technology, and construction, with a background spanning architecture and art. Brings a creative, detail driven eye to BIM, VDC, and interior design work, with hands-on command of RFIs, submittals, change orders, and construction documentation, and builds custom plugins and automation across Revit, Rhino, AutoCAD, Python, and Excel to streamline project workflows. 4 years of combined experience across architectural design, BIM/facade engineering, project coordination, and jobsite VDC in the US; seeking full-time and internship roles in construction management, VDC, AI in construction, BIM, and related fields.

EDUCATION

NYU Tandon School of Engineering, New York, USA

09/2025 – 05/2027

Master of Science in Construction Management, GPA 3.9

Coursework: BIM, Cost Estimating, Project Scheduling, Contracts and Specifications, Real Estate Development

Jawaharlal Nehru Architecture & Fine Arts University, Telangana, India

06/2018 – 06/2023

Bachelor of Architecture, GPA 3.8

SKILLS

Software: Revit, Navisworks, Bluebeam Revu, AutoCAD, Civil 3D, BIM 360, Autodesk Construction Cloud (ACC), SketchUp, Rhino, Python, Autodesk ReCap, CloudCompare, Insta360, Track3D, Revizto, Procore, Primavera P6, Primavera Risk Analyzer, OST, Photoshop, Microsoft Suite
Competencies: Scheduling, Quantity Takeoff, Clash Detection, RFIs, Submittals, Change Orders, Site Coordination and Field Execution, Meetings and Client Presentations, LEED Compliance, Facade Systems, Sustainable Design, Laser Scanning, Point Cloud Processing, Safety and Quality Documentation, Design Bid Build, Interior Design, AI Workflow Automation, VBA and Python Scripting, Plugin Development

CERTIFICATIONS

OSHA 30-Hour Construction Safety (2026); Autodesk Revit Certified Professional; Construction Estimating: Specifications and CSI MasterFormat; Excel Essentials (Microsoft 365); SWAC Certification; Registered Architect (COA, India); IGBC Green Associate

PROFESSIONAL EXPERIENCE

Engineta, LLC [Curtis Partition]

05/2026 – Present

New York, NY

- Manage daily 360-degree site captures (Insta360), laser scanning, and point cloud registration, processing, and BIM integration across projects including Barclays Center, JFK Terminals 6 and 1, and Bank of New York, converting captured imagery and scan data into progress tracking within the Track3D coordination platform.
- Apply AI tools to streamline documentation and reporting, building custom plugins, VBA macros, and automated Excel systems that merge payroll and man-day tracking data into variance reports for project leadership.
- Author formatted weekly progress reports and lead weekly coordination meetings with site foremen, trade partners, and the Visual Intelligence Manager to resolve capture, documentation, and platform issues.
- Perform 3D and trade coordination in Revit, comparing point cloud as-built conditions against design models, resolving clash conditions, and supporting RFI responses with field-verified scan data ahead of construction.

Haddonstone

06/2024 – 08/2025

Colorado, USA — BIM Engineer

- Led facade development and documentation, designing a custom Revit and AutoCAD facade system with fully customized tool palettes, adopted company-wide as the production standard.
- Modeled 35+ complex 3D facade systems in Revit, customizing BIM-ready models and families adopted as company standard.
- Integrated BeamAI and custom AI tools into estimating workflows to auto-calculate quantities from drawings and models, producing faster and more accurate client quotations.

Signature Solutions

07/2023 – 05/2024

Fall River, USA — Junior Architect

- Produced architectural plans, shop drawings, and construction document sets in Revit and AutoCAD for 10+ residential, commercial, and government projects across New York and Massachusetts, preparing and responding to RFIs and submittals throughout.
- Managed design-bid-build delivery including bidding, procurement, permitting approvals, and contracts and specifications, coordinating with subcontractors and design teams to maintain project schedules.
- Led client and consultant meetings, presenting design updates and coordinating change orders and approvals through closeout.

Maple Renaissance

01/2022 – 06/2023

Mumbai, India — Assistant Project Manager

- Oversaw operational logistics, scheduling, procurement, and on-site coordination for 2 concurrent commercial projects including Microsoft facilities and the Katara Building, maintaining photographic progress reports for clients.

KEY PROJECTS

Barclays Center, JFK Terminals 6 and 1, and Bank of New York (VDC, New York); 35+ custom facade system packages (Haddonstone, US-wide); 10+ residential, commercial, and government projects across New York and Massachusetts.

EXTRACURRICULAR

CMAA Metro NY/NJ Chapter, student member; guest lecturer on Revit and BIM tools; VSAP presentation; practicing artist.
